Sec. 220. The purpose of this act is to form the Embarcadero Municipal Improvement District in order that the area benefited

may be provided with harbor and other improvements. Special facts and circumstances applicable to the general area within which the district lies and not generally, make the accomplishment of this purpose impossible under existing general laws and therefore special legislation is necessary. The special facts are as follows:

(a) It is proposed that a complete small craft harbor be developed providing 800 berths and all incidental facilities. There are no small craft harbor facilities nearer than the City of Santa Barbara, 16 miles away, and these facilities are inadequate to provide the services required for its surrounding area.

(b) There is need for small craft harbor facilities in the area and the public interest, economy and general welfare will be served by privately owned facilities of such nature being expedited, and such action will conserve moneys made available by the state for public small craft harbors.

(c) The area is without an adequate water supply, storage and distribution system for public and private purposes.

(d) The area has no facilities for the treatment and disposal of sewage and, in its development, will consequently contaminate the waters of the state.

(e) There is urgent need for the improvements which the district is empowered to construct under this act, but other municipal powers which could be exercised by a city are not required, and would result in more government than the area needs or wants.

(f) There are no existing general laws under which the area could be provided with the facilities it needs short of incorporation as a city. Therefore, the only way in which the particular needs of the area can be provided is by special act.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to assure that the registered voters residing within the Embarcadero Municipal Improvement District may exercise the right to choose directors of the district, a right which the Supreme Court of California has determined that they have, it is necessary that this act take effect immediately.

SECTION 1. Section 22501.5 is added to the Education Code, to read:

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to clarify existing law concerning the acquisition of sites for new community college construction, and to permit the prompt development of urgently needed community college campuses and facilities, it is necessary that this act take effect immediately.
